

Walk Drive Technology bv

Supplies standard drive components for to complete your scope:

Our supply programme:

- *Standard spur and helical gears, Sprockets, racks, worm and worm gears, bevel gears, timing-belt pulleys and V-belt pulleys;*
- *Standard roller chains, conveyor chains, timing belts and V-belts;*
- *Standard couplings, rigid couplings, flexible couplings, tooth couplings, friction clutches, torsionally-stiff couplings;*
- *Various bushings and taper bushings.*

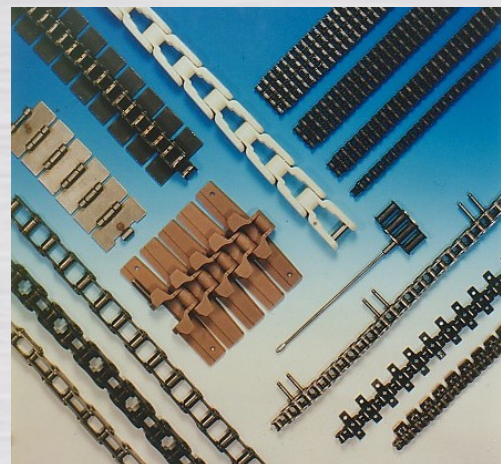

Your advantage:

You get from us.

- *Independent and neutral advice;*

Your will benefit from our:

- *Our direct contacts with supplier from South-, West-, East Europe. And also our contact with Asian suppliers;*
- *Availability of a large warehouse space;*
- *As a manufacturer we have the know-how and control opportunities for your components.*
- *We can also re-work standard components in-house; adding Key-ways, bore with tolerances, thread holes etc.;*
- *We are your contact partner and we take care from work preparation till invoicing.*

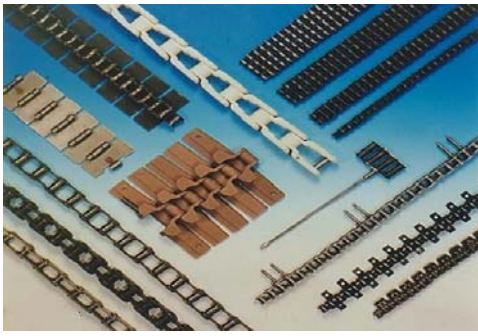

Therefore cost saving.

Knowledge + supplier = Walk

Please see backside for a selection of Walk products

GROUP 1, A SELECTION OF OUR STANDARD DRIVE COMPONENTS ASSORTMENT:

Roller-, Fleyer-, Flat top-, tooth- and conveyor chains

Spur wheel and racks

Timing belts and timing belt pulleys

Warehouse

Warehouse for call-off contracts

Flexible-, rigid- and jaw couplings

Chain coupling, friction clutch

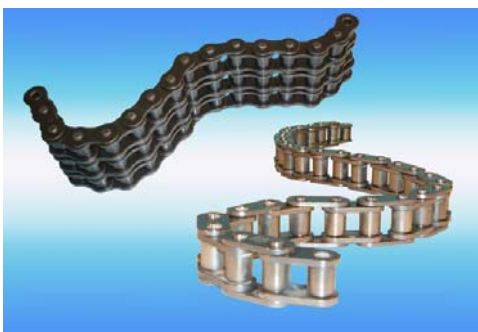

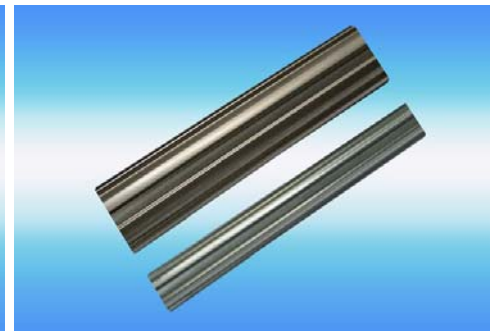

divide conveyor chain wheels

Hubs from China

Spline shafts and spline hubs

Synthetic materials , steel en stainless steel joint strip chain

Other standard products

- Chain support units
- V-belts, and V-belt pulleys
- Bevel wheels
- Spurwheels

Import from China and Turkey
